

K5

CCA's Lexus Style K5

CCA's Lexus Style Child Development is the result of more than twenty-five years of research and testing. It puts five-year-olds on a fun and enjoyable developmental track where they will be reading by Christmas and reading on the second grade level before year's end. On the SAT-10, last year's five-year-olds scored:

- The top 3% in the nation, averaging the 97th percentile
- 47 percentile points above nation's public schools
- An overall grade equivalency of 1st grade, 9th month level
- Some Five-Year-Old students scored as high as the 2nd grade, 5th month

The advanced Five-Year-Old Kindergarten curriculum that CCA uses includes but is not limited to...

Language Arts

Foreign Language Computer Usage

K5 students learn Spanish key vocabulary words and phrases.

K5 students are introduced to general computer usage and programs through the incorporation of the computer in classroom instruction, research and record keeping.

Lifelong Benefits of CCA's K5 Lexus Style Child Development

CCA's Lexus Style Child Development is shaped by the belief that each child is fearfully and wonderfully fashioned by God with special, unique, and innate gifts in six areas: linguistic, physical, numerical, psychological, biological, and spiritual, the latter being made in the image of God. CCA's Lexus Style Child Development has been integrated with a four-fold Biblical Worldview message that constantly reoccurs throughout the year on all age levels -- The one true God made me, He loves me, He will always be good to me, I can trust Him; and the Bible is an accurate record of God's message of love to me.

Many studies, some following children for more than forty years, have shown that children in a quality kindergarten program like CCA's Lexus Style program will benefit in many ways. Some benefits are:

Academic Benefits

- Outperform other children at every grade level
- Forty-four percent less likely to repeat a grade
- Higher reading and math scores in every grade
- Significantly higher IQ scores throughout school and adulthood
- Three times as many will receive a four-year college degree, (35% vs. 14%)
- Less likely to develop ADD, ADHD, Dyslexia, or be developmentally delayed

Economic Benefits

- Incomes 33% higher, will make roughly \$143,000 more over a lifetime
- Significantly higher percentages of home ownership (36% vs. 13%)
- Significantly higher percentages of second car ownership (30% vs. 13%)
- Significantly more will have savings accounts
- Far fewer will ever need social services
- By age 40, child will have benefitted \$17 for every \$1 spent

Social Benefits

- Twenty-six percent less likely to become teenage parents
- Less likely to smoke (39% vs. 55%)
- Improved social skills, larger circle of friends
- Lower in aggressive behavior
- Five times more likely to be married at age 27 (40% vs. 8%)

Eternal Benefits -- **Students who attend a Christian school from kindergarten through grade twelve are:**

- Seven times less likely to use drugs
- Eight times less likely to be sexually active before marriage
- Thirty-one times more likely to marry than cohabitate
- Fifteen times more likely to be faithful in marriage
- Fifteen times more likely to have a traditional view of marriage
- Six times more likely to be active in church in adulthood
- Far more likely to have a Biblical worldview (Score 50 points higher on the PEERS Biblical worldview analysis.)
